

try a different route to work.

And get wealthier in 2010.

By simply changing the way you travel once a week – cycling, walking, using public transport, car sharing or even working from home – you'll save money and could win prizes for yourself, your team and company.

Find out more and challenge yourself and others at www.movingsomersetforward.co.uk/j25

How do I find out about travel alternatives?

Please visit www.movingsomersetforward.co.uk/j25/travel-information for local travel information. We have produced new smarter travel directions for the business park in a new leaflet that will be available from the start of the challenge, online and from your workplace.

Why is this challenge important?

Most employees want to save money, and this month-long challenge is a good way of doing so. You can find out more about the other rewards of the challenge at the Commuter Challenge website - www.swcommuterchallenge.co.uk

What help can I get?

During the challenge we will be giving out free bus tickets and practical travel advice for cycling and walking on our website. We'll also be encouraging employers to think about travel and how they can help with other choices such as working at home and car sharing.

Is there anything else going on?

Yes! A special Travel Celebration Event on the 22nd September which all employees in the area are invited to. There will be free cycle servicing, a hybrid car and electric bike lunchtime demonstration, on-the-spot contests and prizes, free travel information and free snacks and refreshments – and a guided after-work walk.
